### Endowment Policy Information

**Endowments** are gifts to the Maricopa Community Colleges Foundation created by the donor as a perpetual source of funding support for student scholarship, program support or other designated purposes that fall within the Foundation's mission.

**Investment and Spending Policies:** Endowment Funds are professionally managed as part of a carefully balanced investment portfolio that includes stocks, bonds, and other approved instruments. Each year, endowment funds are awarded in amounts up to 5% of a three year average of their year-end fund balances. In down markets, such calculation may invade the original corpus, in that case no funds will be made available to award. Any unspent portion of the amount available for annual distribution shall be returned to the principle balance of the endowment.
